SUBJECT.

Levy of Octroi on timber conveyed from the Matheson's Saw Mills at Hunsur

FILE. No. L. F. 90-03.

Levy of Octroi duty on timber in the Hunsur Municipality.

1 From the Manager, Matheson's Saw Mills, Hunsur, dated 5th January 1904.
Represents that the logs of timber brought into Company's premises are subjected to Octroi duty twice over once at Hunsur when they are imported into the town and again at other places to which sawn timber or manufactured articles are sent.

2. With reference to the Peere Gowda query it is submitted that in the new regulation Municipalities octroi duty is levied under the Chief Commissioner's order no 3362-73 Flag A dated the 27th September 1973 In para 18 of that order, which relates to the levy of duty on timber it is stated that arrangements should be made that the duty is not levied on timbers which are not unloaded in the town. It thus appears that if the timber is once unloaded, it becomes liable for duty

3 In regard to the levy of octroi duty generally. The principle involved is that the duty should be levied only on articles imported into towns for consumption therein 2 Order no 2627 and 227 dtd 28th Oct 1977 (para 3) Flag B bonded warehouses being established for storing goods in transit for exportation in large towns. 4 Out Bangalore the duty

on timber is levied on actual local sales. To prevent fraud, the timber merchants are required to execute a bond binding themselves to be responsible for regular payment of duty and for rendering account of all timber received and sawed by them in the prescribed forms (Please see flag C in the linked file which has been received back from the Dewan's Quarters on requisition)

5 The President states that Octroi is being levied on timber at Hamam at the very low rate of 4 annas per cart-load when-ever the bulk is broken and that accordingly the Manager of the Mathuranj Saw Mills has no grievance. With reference to the Manager's request to treat the Company's premises as a bonded warehouse, he says that the rules relating to "bonded warehouse" in force at Bhyrone & Bangalore are too elaborate to be in advance into a municipality like Hamam the; however add that the petitioner will have to wait till orders are passed on the general question of exempting all the articles which have paid Octroi in one municipality from a second payment

in any other Municipality with which the same may be exported. With reference to that general subject it is submitted that the opinions of the several Presidents are being collected for view of final orders

Sir:-

I have the honor to draw your attention to the fact that the Municipality of Hunsur, within which limits these Saw Mills are situated, is in the habit of charging Octroi duty on every log imported.

As however $\frac{19}{20}$s of our total receipts are re-exported to Mysore, Bangalore & other places in the shape of Sawn Timber & Scantlings & which Municipalities again levy octroi duty thereon, I would ask you to kindly pass such orders as will establish these Premises a "Bonded Warehouse" wherein goods can be imported manufactured & despatched without the payment of Octroi duty. I am willing to show my Invoices each month and to pay tax on any Timber sold for local purposes & used within this Municipality, but I cannot think that the Government of Mysore, by their Octroi Rules, intend to levy such duty twice over as is now being done in the case of Timber from these Saw Mills.

Sir:-

I have the honor to remind you of my application of July last asking you to rescind the current Municipal tax charged on logs, by the Hunsur Municipality, brought to these Saw Mills, by constituting these Works ~~as~~ a bonded Warehouse for Timber, as is done by the Excise department for Spirits, for the following reasons then pointed out:-

1. All the logs brought to these Works are re-exported to Mysore, Bangalore &c., as sales offer and are charged Octroi duties by those Municipalities concerned.

2. Our Hunsur Works convert logs into sorts of Timber & stock them for Mysore, Bangalore & Kolar Purchasers, local sales being practically nil, hence you will quite see that the Hunsur Municipality in question has no claim whatever for any tax, though I am quite willing to pay Octroi for any Timber absolutely used within this Municipality.

In regard to the Octroi on logs of timber brought into the Company's Premises, I have the honour to forward herewith a ~~Memorandum~~

6

3. As the Govt., of India have ruled that Octroi duty can be charged only by the Municipality within which goods are absolutely consumed it is very unfair that our logs should be made to beaf Octroi twice & sometimes thrice also.

On the strength of the foregoing I trust you will at once issue favourable orders, pending receipt of which, I have written to the Vice President of this Municipality that I object to pay any more tax , and hence I await your early advises on the point.

Sir,

With reference to your clerked
Nos 3063 / L.F. 90-03 & 4243 / L.F. 90-03 of the 19th February
and 7th May 1906 respectively, for-
warding for report together with a
copy of the resolution of the Hunsur
Town Municipal Board, two letters
in original from the Managers of
the Heathcoats' Sago Mills &c
Hunsur, regarding the levy of octroi
in timber imported by the firm as also
the establishment of a bonded Ware-
house, I have the honor to submit here

with an extract from the Proceedings of the Hunsur Town Municipality Dated the 30th April 1904, from which it will be seen that the Board proposes levying a rate of two pies per cubic foot of timber belonging to the firm, whether imported in the shape of logs or brought in the Factory as Scantlings &c, instead of levying a duty of four annas per cart-load as at present. This is opposed to the late Chief Commissioners order No: 336 T.3. dt 27.9.1894 which lays down that octroi duty on timber should be levied on cart-loads at the following rates viz, Rs 2 per cart-load of teak and blackwood Rs 1 per cart-load of any other kind of wood. Notwithstanding the lightness of the duty now levied, Viz 4 annas per cart-load, the Manager objects to in his letter, the payment of any octroi-duty at all at Hunsur, on the ground that the Hunsur Factory merely converts logs into sorts of timber and stocks them for sale in other markets such as Mysore,

Bangalore and Kolar without in any way disposing of them locally. This contention can hold good only if the timber passes through Hosur without breaking bulk But this is not so according to the Managers own statement. When once, the timber is unloaded at Hosur, no matter for what purpose, I hold that the same is liable to pay octroi Duty There is nothing to prevent the Manager claiming a refund of the octroi duty if the timber to re-exported within a specified time. The Proceedings of the Hosur Municipality referred to above, also concur in this point Consequently the Managers can have no grievance. The question exempting all articles which have paid duty in one municipality, from the payment of a second duty when subsequently taken for sale in other municipalities (Vide G. O. No: 3490-99 C.F. 98-95 Dated 14. 3. 1904) is pending with the Govt

and the petitioners will have to await the final orders of Government on the Subject; With regard to the question of establishing a "Bonded-warehouse", I beg to invite your kind attention to the bye-laws (Paras 14 to 20) so sanctioned vide G. O. No: 6856 - L.F. 74-97 of the 16th November 1900, for regulating the levy of Octroi duty in the Improvement City. These rules are too elaborate to be introduced into a minor municipality such as that of Hunsur. There can be no analogy whatever between an Octroi Bonded ware-house and a bonded ware-house for spirits, for obvious reasons and this was the view taken by the Chief Commissioner also in the order above quoted.

The two petitions of the Manager of the Mathesons works are herewith returned for reference.

I have the honor to be,
Sir
Your most obedient servant
W. Hamilton
Dy Commissioner.
